The figure is a scatter plot with the X-axis labeled 'Number of iterations' ranging from 23 to 28 and the Y-axis labeled 'Number of iterations' ranging from -150 to 150. The data points are represented by blue asterisks. The points are clustered around Y=0, with a slight increase in density as the number of iterations increases. There is a small cluster of points around (23.2, 15) and (23.2, -15). A single red asterisk is located at approximately (27.7, 15).
