

C00

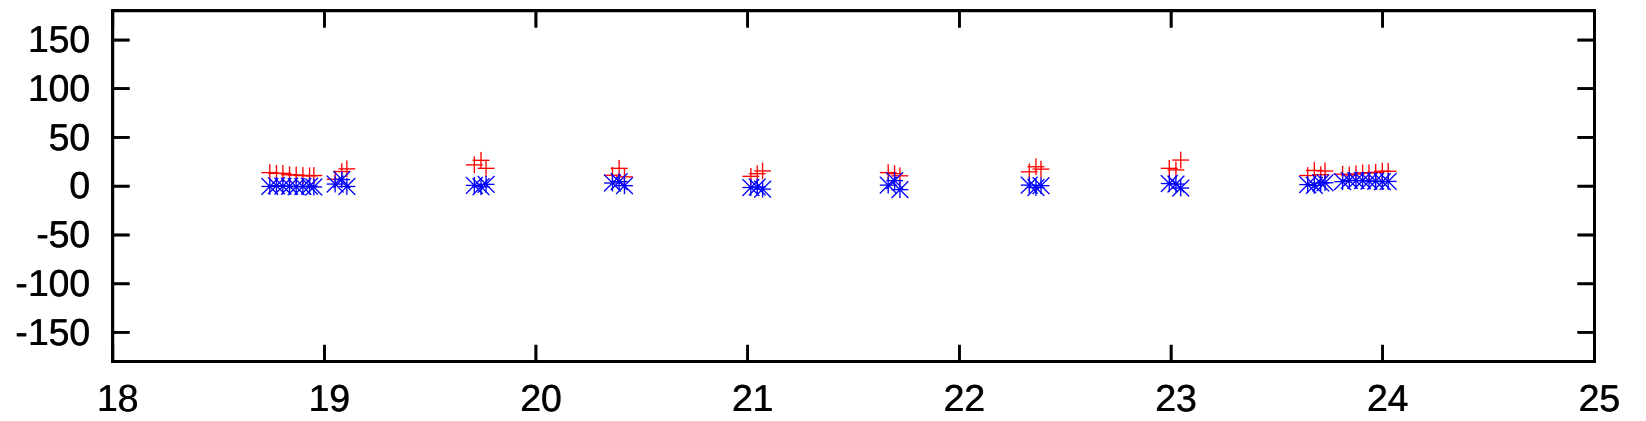

C01

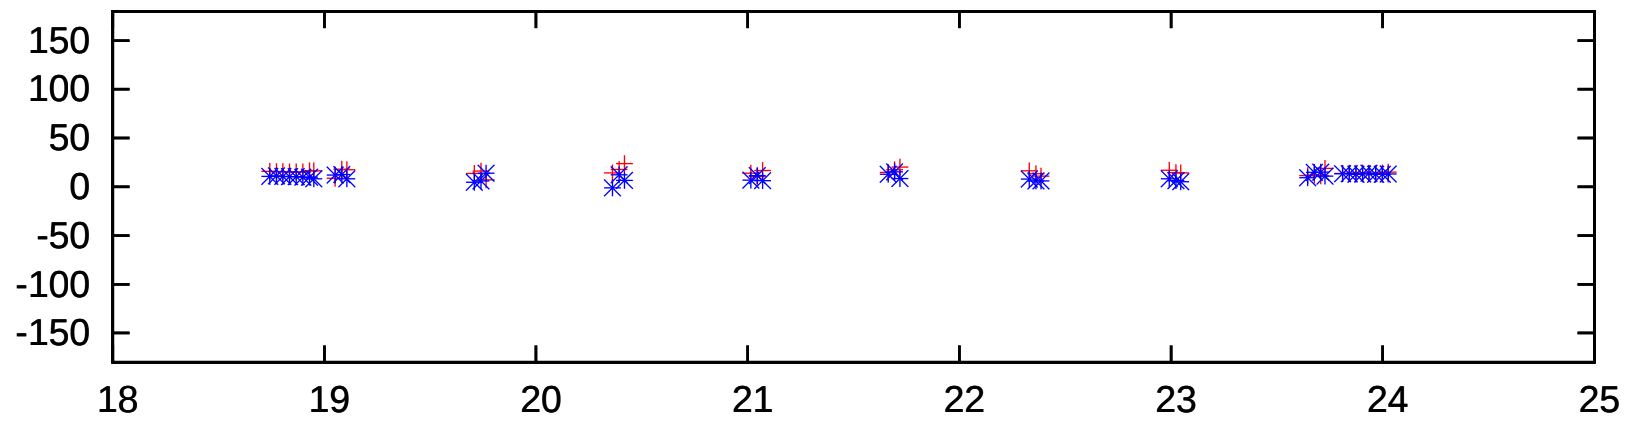

A scatter plot showing the distribution of data points for the 'number' variable. The x-axis is labeled 'number' and ranges from 18 to 25. The y-axis ranges from -150 to 150. Data points are represented by blue asterisks, with a few red asterisks indicating specific points of interest. The points are clustered at y=0 for x values 19, 19.75, 20.5, 21, 21.75, 22.5, 23, and 23.75.
